CLEANING SOLUTION

So easy...

...it's off the wall!

**easy-off**<sup>™</sup>  
CLEANING SOLUTION

**easy-off** graffiti remover is so effective at dissolving graffiti and lifting tags that removal jobs get done in a fraction of the time.

**easy-off** is 100% non-hazardous and HSE classification free so COSH assessments take seconds and environmental impact is kept to the very minimum.

**easy-off** comes ready to use straight from the can or can be decanted in to garden or trigger sprays for more efficient application.

Paints, inks and dyes melt when they come in to contact with the powerful **easy-off** formula so there's no need to carry dozens of different chemicals.

Once dissolved all contaminants are held in suspension ready to be pressure washed or wiped away.

**easy-off** will fit in with your existing cleaning practices and can knock hours of graffiti removal times.
